## ACADEMY COURSES

Stay up to date with our growing range of feature-focused learning resources and gain a comprehensive and practical understanding of the key functionality within your Totara products, alongside best practice guidance on implementing learning and performance management in your organisation. You'll be awarded an open badge for each course you complete which you can use within the Community or elsewhere to demonstrate your Totara skills.

Courses are released at regular intervals to keep your knowledge fresh and up to date with new functionality as it becomes available.

## WHAT TYPES OF CERTIFICATIONS ARE AVAILABLE?

Get certified in the full Talent Experience Platform, or your individual Totara product(s) across a range of versions of Totara.

Our most comprehensive program, the **Totara Talent Experience Platform Site Administrator** program is aimed at anyone who administers a full TXP and wants to demonstrate their knowledge and skills.

The **Course Creator** program is aimed at anyone who will be creating and updating course content on their Totara Learn site.

Get certified in administering a Totara Learn site through our **Totara Learn Site Administrator** program, available in a range of versions.

In our **Totara Engage Site Administrator** program, you'll cover all of the platform and Totara Engage features needed to administer your Totara Engage site.

Only using Totara Perform so far? Then take our **Totara Perform Site Administrator** program to demonstrate your skills and learn about the key features of Totara Perform.
